The background is a solid blue color with a pattern of overlapping, semi-transparent circles of varying shades of blue, creating a textured, bubbly effect.

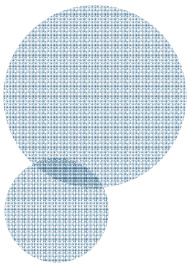

Online Car Booking System

Services :

- **Real time availability of vehicle**
you may want to offer your entire inventory or just some vehicles to be checked for real time availability or just manually block them, it's your choice.
- **Customize rates for your operation.**
You can change prices, add more vehicles, print rental contracts view reservations and locations and much more.
- **Auto-responders**
After confirmation of booking auto-responder message and mail goes to customer with car and driver detail and to driver customer and pickup detail.
- **Rates Update**
With our mass rate updates, you are able to change all your rates by an amount or a % with just a couple of click to all your locations, vehicles or seasons.

- **Reports**

Print Pending , Confirmed, Canceled, Voided, Cars available, and Cars on rent reports, also Contracts open and closed, Sales reports, Rate reports, Unit Sales Report, Reservations reports, Payments received etc.

- **Fleet management**

Our system includes all your vehicle information like Insurance detail, Permit detail, PUC etc. which could give you reminder for renew.

- **Multi-user varying access level**

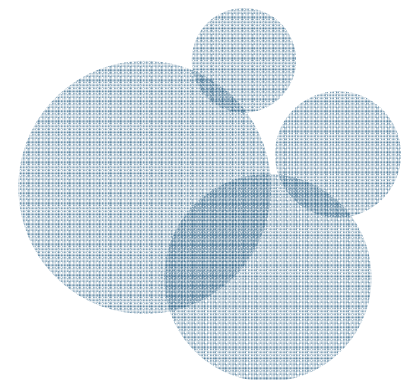

You can add users to your account, with different access levels. You decide what they can and cannot do.

- **Role-based permissions**

Admin can assign Permission level Department wise. Example Managers, Reservation agents, Rental agents etc.

- **Payment gateway**

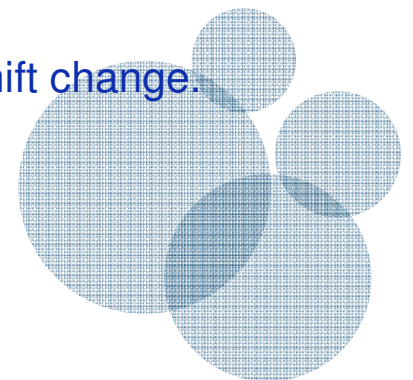

One payment gateway can be use for all vendor, corporate, operation team.

What is for Operation Team :

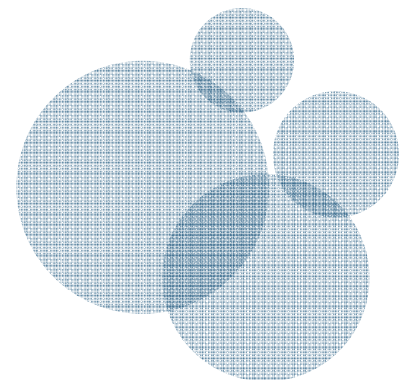

- Will have Manifest with exact detail and status for booking.
- Can view List of free cars, assigned cars, status for booking on one screen.
- Expected time for car to be back in inventory.
- Will get popup for generation of duty slip on same day of booking.
- Would be able to generate invoice as per duty slip's closing hr's. and Km's. auto responder e-mail will go to customer's e-mail id with you.
- Once Invoice generates car will get released for next booking in manifest.
- No need to call the customer and driver for update for booking. they will get auto mail on their cell phone for detail.
- Operation team can keep accounts for Impress amount given to driver for Toll, Parking etc.
- Need not to be more depend on others for hand over of work after shift change.
- Can give customize grace hr. and km. as per client.

What is for Admin Team :

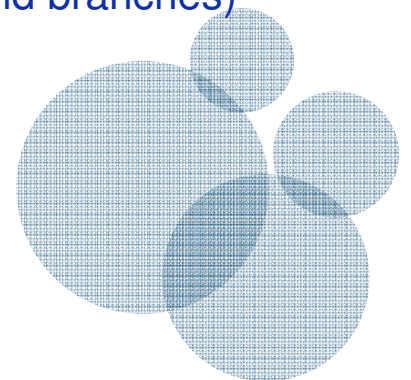

- Can define different tariff for different corporate as per negotiation.
- Able to track driver attendance and Driver test.
- Able to track car maintenance record which help to find cost to company.
- Able to track vendor's inventory with us.
- Able to handle branch booking and their bills.
- Can access many Reports for better administration like. Date wise, Party wise, Manifest, Booking, Invoice, Payment, Receipt Report, Pending Invoice and more.

Benefits :

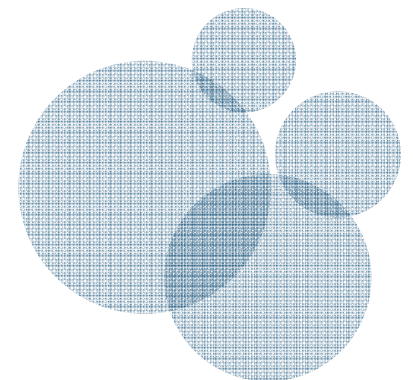

- Automation and Proper management of car booking work Online.
- There will be no misunderstanding between staff relates to booking and Payment.
- Easy to access system worldwide on one click
- Handling Vendors inventory (cars) becomes easy.
- Due to online system can be use as B2B and B2C
- Your Corporate and Branches not only can book but also can pay online .
- Your Corporate also can use this system for their branches.
- Management can get drill down reports any time on one click. e.g. Non Revenue Kilometer Report etc.
- One touch point for all. (Operation team, Admin, corporate, vendor and branches)

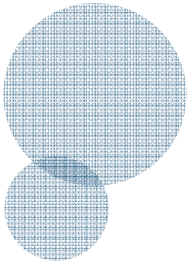

Points where you are saving your money and time :

- Just by filling one corporate information form in system your business will start in just few click.
- No upgrades required to existing hardware.
- No new software required; no expensive software licenses .
- No ongoing per user licensing costs. Just set up a new user and they have instant access
- No on site implementations costs.
- No wide-area networking costs - (Immediate access from all your depots)
- All costs are fully tax deductible (*May differ depending on local tax regulations)
- Manual work will reduce for handling multiple paper work.
- One single payment gateway will become mode of payment for all.

Thank you for your Interest shown
